

THE BASILICA AS A PEACE SITE

The Basilica was dedicated as a Peace Site on April 19, 2008. We are a Peace Site by virtue of our faith—it describes what our Church celebrates and teaches, and the activities it supports. The fruits of this work can be seen in The Basilica's Liturgy, Learning and Life ministries and our commitment and work in the broad community.

What is a Peace Site?

Grounded in prayer and rooted in respect for the dignity of all creation, a Peace Site upholds five principles of our faith: Stewardship of the environment; Commitment to hospitality and embracing diversity; Seeking peace within yourself and reconciliation with others; Reaching out in service and Being a responsible citizen of the world.
